

STRAIT-FLEX®

New Concept Drywall Products

AMMO-FLEX 200

DESCRIPTION (Speed, Perfection and Longevity)	The best flex-tape that runs through a Bazooka® Patented PVC tight fibered cotton composite corner tape with paper edging that is 2 ” wide, .014” thick and comes in 100’ rolls. Strait-Flex Ammo-Flex 2 has PUR-laminated nose to protect against paper fuzz-ups during finishing and sanding.
ADVANTAGES	<p>Ammo-Flex installs fast using a Bazooka®.</p> <ul style="list-style-type: none"> • Straightens small framing irregularities. • Inside and outside 90 ° corners, and intricate off angles. • Inside 90 ° corners where a large fill or straightening is required, or where strength and speed of finish are required. • Memory-free hinge design allows for ease of installation and straighter corners. • Installs fast using a Bazooka®, no fasteners and no nail pops. • Paper edging allows for easier feathering and no edge-cracking. • Second coat of compound can be applied immediately-very light skim coat to finish. • Rustproof. • No. Cracks. No Callbacks.
WARRANTY	Strait-Flex products are backed by a lifetime warranty. When applied to a sound structure, built on a permanent foundation using recommended application techniques, we warrant that these products will not edge-crack for the lifetime of the structure. Contact Strait-Flex International Inc for complete details.
DIRECTIONS	<ul style="list-style-type: none"> • Cut Strait-Flex to desired length. Adjust to desired angle. • Apply using a liberal coat of all-purpose compound with joint knife. Use tile setting compounds in wet areas. • Press Strait-Flex into wet compound. Adjust if necessary to create straight line and wipe down with joint knife. Immediately apply light skim coat and let dry. • Apply final coat, let dry and sand.
STORAGE	Store in dry place protected from moisture.
